

# ONE-PIECE

playwear for  
infants and toddlers!

Designed to look like separates  
Ease for the parent  
Style for the child

# Stylease in a Nut Shell

Who says a one-piece has to look like one?

## It's Mom Invented

...and that has huge benefits! Because a mom thought of it, it's not only great fashion for babies, but it's also extremely practical.

With Stylease you get the layered look of separates, without the hassle separates create.

Ease for the parent, style for the child.

And because we care about baby's comfort, our garment tags are soft satin ribbon, not embroidered, so they won't scratch new soft skin.

Stylease is designed with a roomy fit for comfort and longer wear.

Another great example of the hidden access features.

Fabulous styles!
